

ABOUT IMPAIRED DRIVING

Fatigue

Those especially at risk are drivers under 25 years of age, shift workers, commercial truck drivers and business travelers.

(National Sleep Foundation)

Alcohol

In Texas, the legal BAC is .08, but, driving ability can be impaired below the legal alcohol limit.

Drugs

Drug-impaired driving refers to any drug use (prescription, over the counter or illegal).

EACH ONE OF THESE CAN LEAD TO:

Slower reaction time

Impaired judgement

Decreased cognitive and motor skill function

Falling asleep at the wheel
