

## Research Subcommittee Meeting Minutes | October 14, 2020

### AGENDA

1. Old Business:
  - The Research/Evaluation subgroup is still compiling their commentaries.
    - a. **Tara, if we extend the deadline to Oct 30, will that be enough time to develop the missing commentary section, and confer with Troy on the one that is already written?**
  - Toxicology subgroup (AKA, Anna) expected to return mid-October and will complete outstanding commentaries thereafter.
  - No suggested revisions have been received for the two articles “in progress” – either for article summaries or commentaries. Please make sure to continue reviewing this information, as it’s will be posted online.
2. New Business:
  - **The TxIDTF asked the subcommittee to consider sending the developed article summaries/commentaries to the article authors.** Members cited that the various commentaries may not be perspectives that authors often hear, if at all. So, in the name of improving impaired driving safety research, what says the subcommittee?

### ACTION ITEMS

1. Research/Evaluation subgroup complete missing commentary section by the next TxIDTF meeting
2. Toxicology subgroup complete missing commentary sections by the next TxIDTF meeting
3. Research Subcommittee members continue to review the two articles summaries/commentaries for revisions
4. Resolution as to whether the subcommittee should send the developed article summaries/commentaries to the article authors by the next TxIDTF meeting
